She watched

She watched after months and months her and Foaly of manipulating his brain he began to remember his extraordinary life of the 4 years before he was cloned after he died in her arms.

She watched as he took more and more interest in girls and less and less interest in his work and her

She watched as that mud girl, _Minerva_ walked down that aisle and _watched, _growing sicker by the minute as they both said I do and would be together _forever._

She watched as he was lowered into the ground by his friends and family, her one true love Artemis Fowl was now gone from this world.
